We expect 2 hours notice if you cannot make your appointment.

This is so another patient in need can take your appointment.

If you have infective symptoms such as a cough, runny nose, sore throat or fever, your appointment should be either telehealth or preferably a CAR PARK CONSULT.

correctly and provide the best treatment possible.

Results

The nurse will call Dr Michael's patients if needed.

You will receive an SMS via HotDoc prompting you to book a follow up appointment if you are a patient of Dr Brianna or Dr Bastian.

All doctors will call you directly for results occasionally, but this is not the common process.

NORMAL RESULTS – you will not be called regarding this.

If you want the outcome of your results even if normal we encourage you to book an appointment.

If you ring regarding normal results, the staff will encourage an appointment be made, or leave a message for the nurse. If these are normal you will not receive a call back.
